

# A NEW NATIONAL SONG

## We Won't Hear Our **LEADER** **RUN DOWN.**

The Irish Parliamentary Party are giving a dreadful shout,

They want to condemn Parnell, and knock him about,  
Gladstone has been the leader, and then gives us the rout,

That is what the people say in Ireland ;  
Although his heart is light and free,  
He spent his time and fortune far across the sea,  
He was not a Judis, but a regular M.P.,  
That is what the people say in Ireland.

### CHORUS

Give Parnell the thing that he requires,  
Home Rule and prosperity as every one desires,  
And work for the old country, and then he will retire  
That's what the people want in Ireland ;  
Parnell has been our leader from the first unto the last,  
He was not like a grass hopper, or either an out-cast,  
He has fought for prosperity unto the last,  
That is what the people say in Ireland.

Now to conclude and finish, and end my national song  
I hope we'll get new members, and that before long,  
And wind Gladstone up with a string, and teach him  
right from wrong,

That is what the people say in Ireland ;  
Then Mr. Gladstone has a lot of talk and shout  
He is trying to condemn Parnell, and knock him about,  
And Parnell been a worthy member, he will shove him  
up the spout  
That is what the people say in Ireland
